EXPERIENCE

Techie Aid

Aug 2022- Sep 2022

Full-stack development

-Designed and implemented a **Room Booking Management System**, facilitating seamless scheduling and reservation of rooms within the organization. Utilized **HTML/CSS, MYSQL** and **bootstrap** to develop a user-friendly interface for efficient room selection and booking. **Visual Studio** as an IDE.

SKILLS

Languages: Java, C++, HTML/CSS, Javascript, MYSQL, Basics of C, Python.

Developer Tools: VS Code, Eclipse

PROJECTS

Hospital Management System

- This project entails building a web application using **HTML, CSS, PHP**, and **MySQL** databases within the Brackets text editor and **XAMPP** server setup.
- Key functionalities include user registration, login systems, and secure data storage, adhering to industry best practices.

Super Market Billing System

- This project involves automating supermarket operations and streamlining record management for efficient billing processes using **C++**.
- Key features include inventory management, sales tracking, and an auto-generated billing system to enhance customer service and operational efficiency.

Hand Gesture Controlled Video Player

- Employing **Computer Vision** and **Machine Learning** techniques, the system interprets real-time hand movements, enabling intuitive control over the video playback functions.
- Through **Python**'s flexibility and **OpenCV**'s powerful image processing capabilities, the project delivers an immersive and user-friendly experience for manipulating video content captured by a webcam.

EDUCATION

RNS Institute Of Technology

Bachelor of Engineering in Information Science

CGPA: 7.64

Aug 2019-Aug 2023

Bengaluru, Karnataka

Alva's Pre University College

Class XII (PCMB)

90.33%

Jun 2017- Mar 2019
